Subject: Request for information

Good morning

I am looking for some figures relating to the number of people working for MI5. Are you able to help, please?

1. I would like to know the number of staff at General Duties 4 plus all other level 4 officers.
2. I would like to know the number of staff at General Duties 3 plus all other level 3 officers.
3. I would like to know which roles/grades/levels are senior to General Duties 3, along with a personnel count for each role/grade/level.

I did search your website, but I do not believe this data is published there.

Thank you.
